## **Local & Social**

**They live here, so they spend here. They want nights out, new places to eat, and love to support local businesses a short Lyft ride away.**

## **Influencers**

**We have executives, business owners, community leaders, PTA parents, and our own Board Members that can influence where money is spent. We remind members to think of our Sponsors first.**

## **Families**

**Our membership is mostly families. Parents need dentists, orthodontists, tutors, and are always in search of recommended service providers, like electricians, real estate agents, etc.**
